

MATERIALS

6– 3/4" PVC 90's

2– 3/4" PVC "T"s

Cut 5 Pieces of 3/4" PVC 11 1/4" long (these will be the "A" pieces

Cut 2 Pieces of 3/4" PVC 6" long (these will be "B: Pieces)

Cut 2 Pieces of 3/4" PVC 5 1/4" long(These will be the "C" pieces)

Assemble as shown above (I don't glue them just slip them on)

Drill a hole 1" from each 90 on the Perch bar and wrap with sisal rope.

This perch will fit in the Coroplast Hood . Turn sideways and torque into place.
